Floor Marker Paint

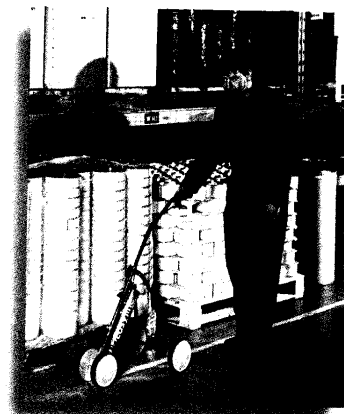

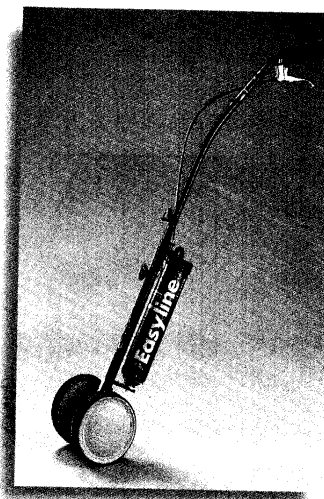

For marking areas in warehouses, production areas, parkinglots etc.
For outdoor as well as indoor applications.

The combination of the easy to use applicator and the spray cans make this system the ideal choice to mark areas.

Applicators

Excellent ease of use: just squeeze the handle and the paint comes out

Part No.	Description
255350	Easyline 4 wheels, line thickness 10 cm
255351	Easyline 4 wheels, line thickness adjustable between 5 and 8 cm
255352	Easyline hand model

Epoxy Paints

Available as a permanent and removable version, supplied in spray-cans, containing no CFCs. Each can contains sufficient paint to spray a line up to 100 meters, depending on the width of the line and the surface it is used on. The paints are resistant to oil, grease, petrol etc. Further more they will not fade rapidly under the influence of the usual traffic in the intended areas.

The removable type can be removed from the moment the marking is no longer necessary.

Standard Package: 6 pcs
1 spray-can = 750 ml
