

BUSBAR COMBINATIONS FOR FAZN and FAZS MINIATURE CIRCUIT BREAKERS

To fully compliment the new range of Klockner Moeller miniature circuit breakers there are available THREE types of busbar assemblies:-

- * **FORK type**...for connection into combination box terminal at the bottom of the miniature circuit breaker.
- * **PIN type**...for connection into box terminal on the top of the miniature circuit breaker.
- * **COMBINATION type** ...for use where mcb's are required to be fitted with auxiliary contacts.
