# 'Tutor'

EASY TO USE, EASY TO LEARN

Learning about the World's no. 1 8-bit microcontroller could not be easier. Introducing the 05BTUTOR, a new teaching tool to introduce you to the industry standard **M68HC05** portfolio.

Are you new to microcontrollers? Have you heard about the **M68HC05** platform but not yet worked with it? Then the 05BTUTOR is for you.

Build both confidence and expertise at your own pace, and watch your knowledge level grow from basics to a thorough understanding of the **M68HC05** architecture.

Go on, order your 05BTUTOR today.
