

## Characteristics and dimensions of terminals

|                                    |                            |
|------------------------------------|----------------------------|
| Part number                        | 02087.111.071              |
| Specification                      | Claw terminal<br>ring type |
| Material                           | CuZn                       |
| Surface /<br>Colour                | fSn 2                      |
| Form                               | Single form                |
| Single part                        | X                          |
| Packing unit<br>/ piece            | 1250                       |
| Section area<br>(mm <sup>2</sup> ) | 0.50-2.50                  |
| DIN                                | 46236 Form A               |
| Nominal<br>size                    | A5x2.3                     |
| Material<br>thickness<br>(mm)      | 0.75                       |
| a <sub>1</sub>                     | 12.50                      |
| a <sub>2</sub>                     | 3.00                       |
| d <sub>2</sub>                     | 5.30                       |
| d <sub>3</sub>                     | 9.50                       |
| l <sub>1</sub>                     | 22.00                      |

Note: The drawing only gives an overview of the geometry of the part. The crimp area is shown as supplied in strip form. A technical drawing is available on request.
