# **Safety Precautions**

#### CAUTION

**RISK OF ELECTRIC SHOCK** DO NOT OPEN

The lightning flash with arrow-head within a triangle is intended to tell the user that parts inside the product are a risk of electric shock to persons.

The exclamation point within a triangle is intended to tell the user that important operating and servicing instructions are in the papers with the appliance.

WARNING: To reduce the risk of electric shock, do not remove cover or back. No user-serviceable parts inside. Refer servicing to qualified service personnel.

WARNING:

To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture. Do not place liquid containers (flower vase, cups, cosmetics, etc.) above the set (including on shelves above, etc.).

#### **Important Safety Instructions**

- Read these instructions.
- Keep these instructions.
- Heed all warnings.
- Follow all instructions.
- Do not use this apparatus near water.
- Clean only with dry cloth.
- Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- 10) Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.

- 11) Only use attachments / accessories specified by the manufacturer.
- 12) Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart / apparatus combination to avoid injury from tip-over.

- 13) Unplug this apparatus during lightning storms or when unused for long periods of time.
- 14) Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
- 15) To prevent electric shock, ensure the grounding pin on the AC cord power plug is securely connected.

#### **FCC STATEMENT**

This equipment has been tested and found to comply with the limits for an Other Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the Panasonic Service Center or an experienced radio/TV technician for help.

To assure continued compliance, use only shielded interface cables when connecting TV to peripheral devices. Any changes or modifications not expressly approved by responsible party may cause harmful interference and could void the user's authority to operate this device.

> Responsible Party: Panasonic Corporation of North America

#### **CANADIAN NOTICE:**

For Models TH-37PX60U, TH-42PX60U, TH-50PX60U, TH-50PX60X, TH-58PX60U This Class B digital apparatus complies with Canadian ICES-003.

#### WARNING/CAUTION

SMALL PARTS CAN PRESENT CHOKING HAZARD IF ACCIDENTALLY SWALLOWED.

KEEP SMALL PARTS AWAY FROM YOUNG CHILDREN. DISCARD UNNEEDED SMALL PARTS AND OTHER OBJECTS, INCLUDING PACKAGING MATERIALS AND PLASTIC BAGS/SHEETS TO PREVENT THEM FROM BEING PLAYED WITH BY YOUNG CHILDREN, CREATING THE POTENTIAL RISK OF SUFFOCATION.

#### ■ Set up

Do not place the Plasma TV on sloped or unstable surfaces.

The Plasma TV may fall off or tip over.

Do not place any objects on top of the Plasma TV.

 If water spills onto the Plasma TV or foreign objects get inside it, a short-circuit may occur which could result in fire or electric shock. If any foreign objects get inside the Plasma TV, please consult an Authorized Service Center.

This Plasma TV is for use only with the following optional accessories. Use with any other type of optional accessories may cause instability which could result in the possibility of injury.

(All of the following accessories are manufactured by Matsushita Electric Industrial Co., Ltd.)

- Wall-hanging bracket (Vertical): TY-WK42PV3U (TH-37PX60U, TH-42PX60U, TH-50PX60U, TH-50PX60X, TH-58PX60U)
- Wall-hanging bracket (Angled): TY-WK42PR2U, TY-WK42PR3U (TH-37PX60U, TH-42PX60U, TH-50PX60U, TH-50PX60X)

Always be sure to ask a qualified technician to carry out set-up.

■ AC Power Supply Cord

The Plasma TV is designed to operate on 120 V AC, 50/60 Hz (TH-37PX60U, TH-42PX60U, TH-50PX60U, TH-58PX60U) or on 110 - 127 V AC, 50/60 Hz (TH-50PX60X). Securely insert the power cord plug as far as it will go.

 If the plug is not fully inserted, heat may be generated which could cause fire. If the plug is damaged or the wall socket plate is loose, they should not be used.

Do not handle the power cord plug with wet hands.

Doing so may cause electric shocks.

Do not do anything that might damage the power cable. When disconnecting the power cable, hold the plug, not the cable.

Do not make any modifications to, place heavy objects on, place near hot objects, heat, bend, twist or forcefully pull the power cable. Doing so may cause damage to the power cable which can cause fire or electric shock. If damage to the cable is suspected, have it repaired at an Authorized Service Center.

#### ■ If problems occur during use

If a problem occurs (such as no picture or no sound), or if smoke or an abnormal odor is detected from the Plasma TV, unplug the power cord immediately.

 Continued use of the TV under these conditions might cause fire or permanent damage to the unit. Have the TV evaluated at an Authorized Service Center. Servicing of the TV by any unauthorized personnel is strongly discouraged due to its high voltage dangerous nature.

If water or foreign objects get inside the Plasma TV, if the Plasma TV is dropped, or if the cabinet becomes damaged, disconnect the power cord plug immediately.

 A short may occur, which could cause fire. Contact an Authorized Service Center for any repairs that need to be made.

Do not cover the ventilation holes.

 Doing so may cause the Plasma TV to overheat, which can cause fire or damage to the Plasma TV.

If using the pedestal, leave a space of 3 15/16" (10 cm) or more at the top, left and right, 2 3/8" (6 cm) or more at the bottom, and 2 3/4" (7 cm) or more at the rear.

#### ■ When using the Plasma TV

Be sure to disconnect all cables before moving the Plasma TV.

 Moving the TV with its cables attached might damage the cables which, in turn, can cause fire or electric shock.

Disconnect the power plug from the wall outlet as a safety precaution before carrying out any cleaning.

Electric shocks can result if this is not done.
 Clean the power cable regularly to prevent it from becoming dusty.

 Built-up dust on the power cord plug can increase humidity which might damage the insulation and cause fire. Unplug the cord from the wall outlet and clean it with a dry cloth.

This Plasma TV radiates infrared rays; therefore, it may affect other infrared communication equipment. Install your infrared sensor in a place away from direct or reflected light from your Plasma TV. Do not climb up onto the television or use it as a step.

Do not climb up onto the television or use it as a step. (Young children should be made particularly aware of this caution.)

 If the unit falls over or becomes damaged through misuse, injury may result.

The TV will still consume some power as long as the power cord is inserted into the wall outlet.

# **Notes**

#### ■ Do not display a still picture for a long time

This causes the image to remain on the plasma screen ("after image"). This is not considered a malfunction and is not covered by the warranty.

#### Typical still images

- Channel number and other logos
- Image displayed in 4:3 mode
- SD Card photoVideo game

Computer image

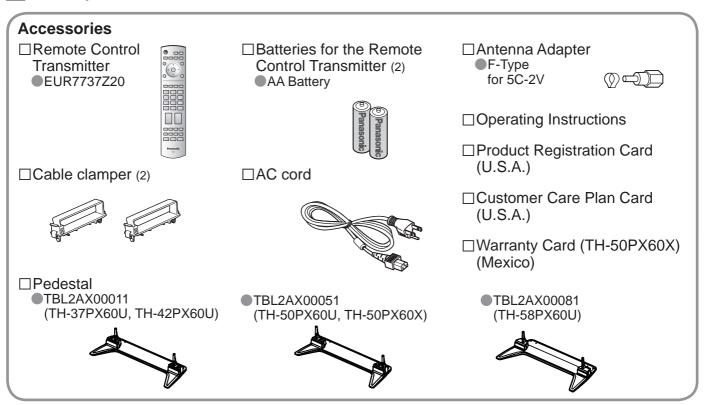

To prevent after image, the screen saver is automatically activated after a few minutes if no signals are sent or no operations are performed. (p. 45)

#### ■ Setup

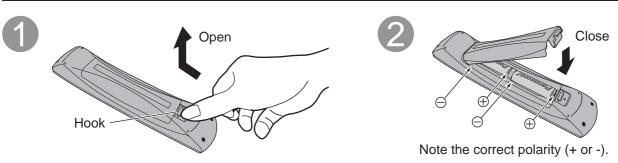

- Do not place the unit where it's exposed to sunlight or other bright light (including reflections).
- Use of some types of fluorescent lighting may reduce the remote control's transmission range.

# **Accessories/Options**

**✓** Check you have all the items shown.

#### Installing remote's batteries

#### Caution

- Incorrect installation may cause battery leakage and corrosion, resulting in damage to the remote control unit.
  - Do not mix old and new batteries.
  - Do not mix different battery types (such as alkaline and manganese batteries).
  - Do not use rechargeable (Ni-Cd) batteries.
- Do not burn or break batteries.
- Make a note of the remote control codes before changing batteries in case the codes are reset. (p. 37-38)

# Optional accessories Wall-hanging bracket (vertical) TY-WK42PV3U (TH-37PX60U, TH-42PX60U, TH-50PX60U, TH-50PX60U, TH-50PX60U, TH-50PX60U, TH-50PX60U, TH-50PX60U, TH-50PX60U) (angle) TY-WK42PR2U TY-WK42PR3U (TH-37PX60U, TH-42PX60U, TH-50PX60U, TH-50PX60U, TH-50PX60U)

#### Attaching the pedestal to the plasma television

#### Caution

#### Do not use any television or displays other than those given in this manual.

Otherwise the unit may fall over and become damaged, and personal injury may result.

#### Do not use the pedestal if it becomes warped or physically damaged.

• If you use the pedestal while it is physically damaged, personal injury may result. Contact your nearest Panasonic Dealer immediately.

#### During setting-up, make sure that all screws are securely tightened.

• If sufficient care is not taken to ensure screws are properly tightened during assembly, the pedestal will not be strong enough to support the plasma television, and it might fall over and become damaged, and personal injury may result.

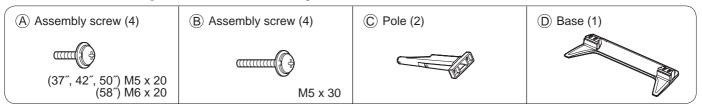

#### Use the accessory fall-prevention brackets to secure the plasma television.

If the unit is knocked or children climb onto the pedestal with the Plasma TV installed, the plasma television may fall over and personal injury may result.

#### Two or more people are required to install and remove the television.

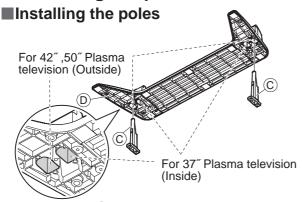

If two people are not present, the television may be dropped, and personal injury may result.

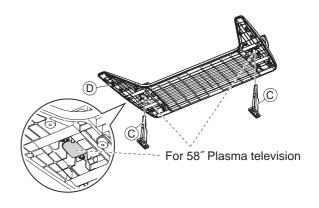

#### Accessories for pedestal assembly

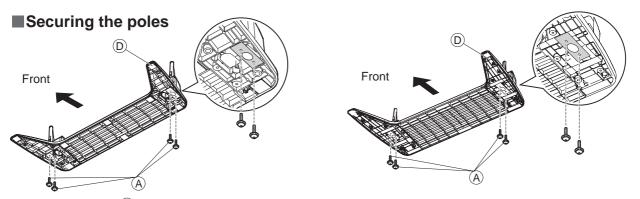

#### Assembling the pedestal

Insert the poles  $\bigcirc$  into the left and right holes in the underside of the base  $\bigcirc$  so that they fit securely as shown in the illustration above.

Use the assembly (A) screws to secure the poles firmly to the bottom of the base.

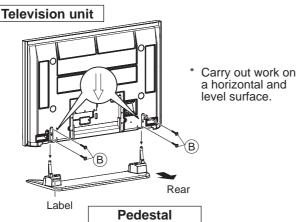

#### Note

Forcing the assembly screws the wrong way will strip the threads.

# **Accessories/Options**

# 2

#### Setting-up

Lift the television unit above the pedestal base, with the back of the display unit on the same side as the Label. Then align the holes in the television unit with the poles of the pedestal and lower the television unit into place.

Use the assembly screws (B) (M5 x 30) to fasten securely.

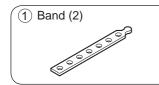

# 3

#### Stopping the plasma television from falling over

\* The plasma TV must be fastened to both the base and the wall.

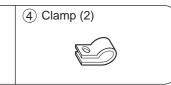

#### For 37", 42", 50" Plasma television

#### Accessories for pedestal security

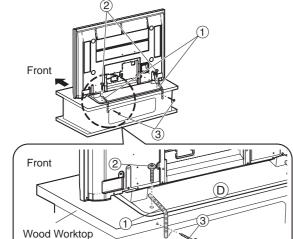

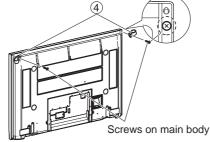

#### ■Securing to a base

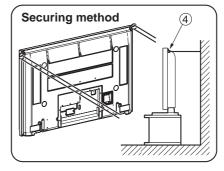

Fasten with wood screws in the holes in the back edge of the wood worktop. If there are no holes, first drill them in the middle of the thickness of the wood worktop, and then fasten the strap with wood screws.

#### ■Securing to a wall

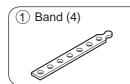

\* Remove the screws at both top corners on the rear side of the plasma TV, and attach the clamps (4) to the plasma TV using the removed screws.

\* Use strong wire or chain which is commercially available to secure the plasma television to a solid area of the wall or a pillar.

#### For 58" Plasma television

#### Accessories for pedestal security

2 Screw (4)

Nominal diameter 4 mm x 12

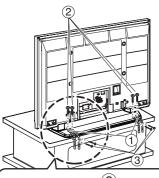

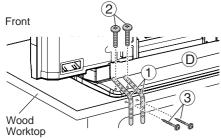

M8 x 35

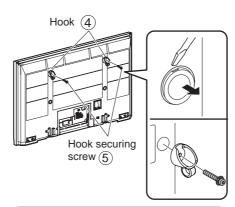

#### ■Securing to a base.

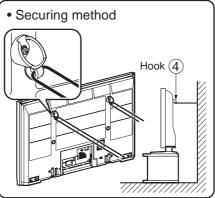

Fasten with wood screws in the holes in the back edge of the wood worktop. If there are no holes, first drill them in the middle of the thickness of the wood worktop, and then fasten the strap with wood screws.

#### ■Securing to a wall.

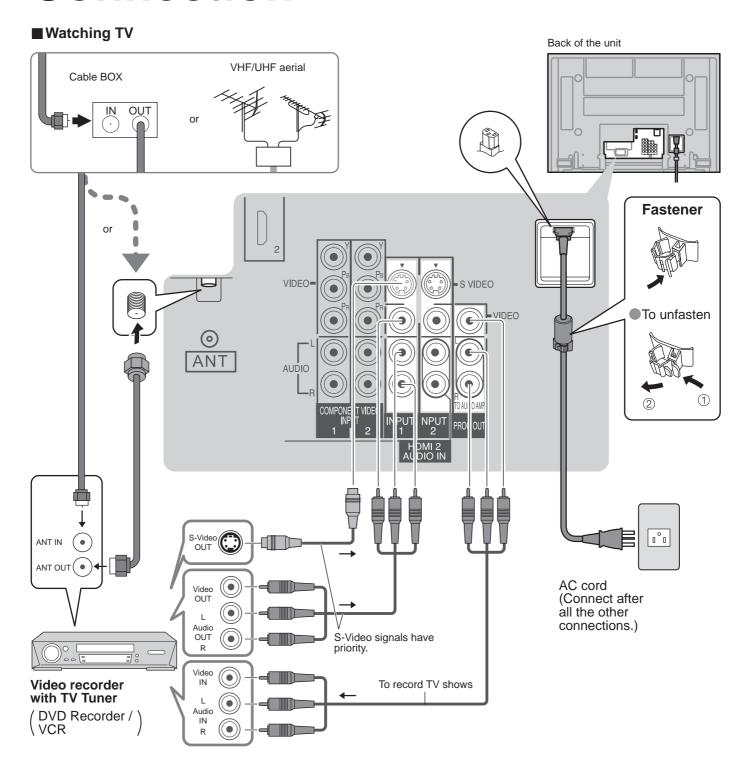

\* Use a flat-head screwdriver to remove the caps at the left and right top on the rear side of the plasma TV, and attach the hooks (4) to the plasma TV using the hook securing screws (5). (Keep the caps you have removed in a safe place.)

Use a strong wire or chain which is commercially available to secure the hooks 4) to a solid area of the wall or pillar.

# Connection

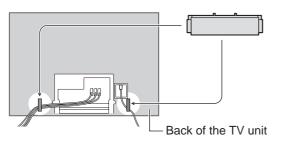

#### Note

- All cables and external equipment shown in this book are not supplied with the TV.
- For additional assistance, visit us at : www.panasonic.com www.panasonic.ca
- ■The S Video input will override the composite video signal when S Video cable is connected. Connect either S Video cable or Video cable.
- When receiving digital channel signals, all digital formats are down-converted to composite NTSC video to be output through the PROG.OUT terminals.
- Some programs contain a copyright protection signal to prevent VCR recording.
- Set the TV channel to CH3 or CH4 for using Cable Box Connection.

#### **Cable Binding Instructions**

#### ■ Attaching the Cable clampers

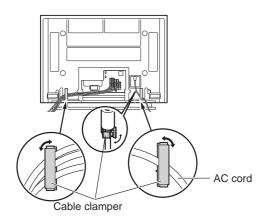

- Do not bundle the RF cable and AC cord together (could cause distorted image).
- Fix cables with Cable clampers as necessary.
- When using the optional accessory, follow the option's assembly manual to fix cables.

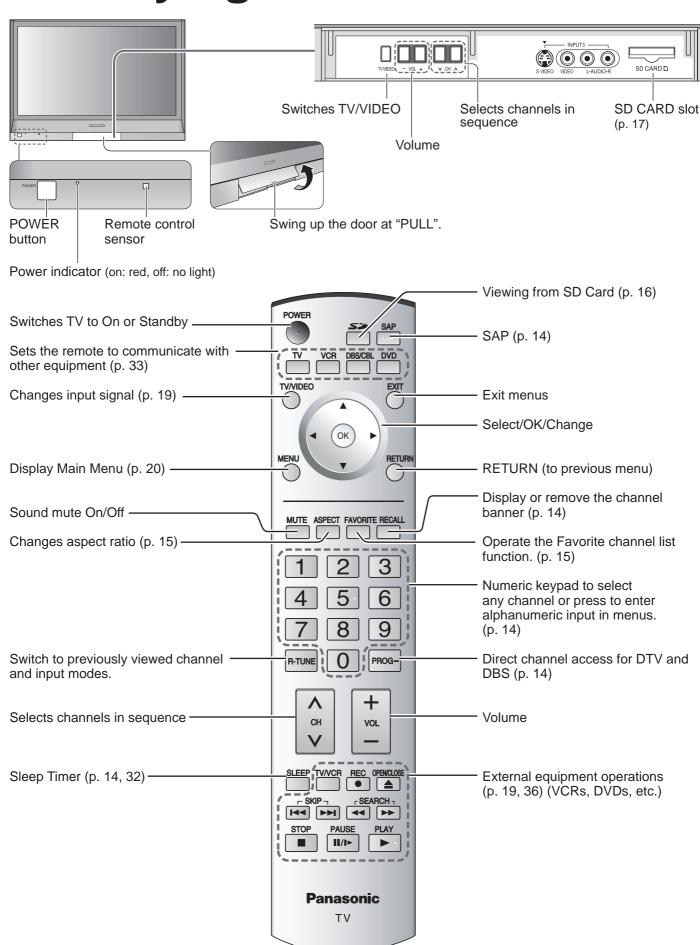

#### **■**Cable Binding Instructions

Bind all cables to the plasma television with the Cable clamper.

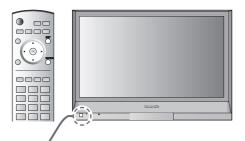

- Bundle cables with the Cable clamper on the left side.
- Fasten the AC cord with the Cable clamper on the right side.

# **Identifying Controls**

# First Time Setup

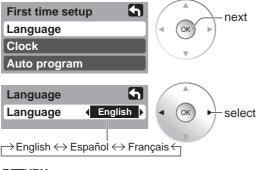

"First time setup" is displayed only when the TV is turned on for the first time after the AC cord is inserted into a wall outlet. Available only when "Auto power on" (p. 20) is set to "Off".

Turn the TV On with the POWER button

Select your language

Press to go to previous screen. Or, select icon, then press OK for same results.

### Adjust the clock

Date: Adjust the date

(Press and hold to change the month.)

Time: Adjust the time

(If the button is held, the speed of

change increases.)

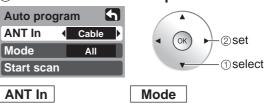

# 4

#### Auto channel setup

1 Select "Auto program"

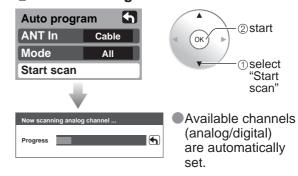

#### ② Select antenna and input modes

Cable: Cable TV Antenna: Antenna All: digital and analog Analog: analog only (Reduces time for scanning)

About broadcasting systems
 Analog: traditional TV system
 Digital: new system that allows you to view more channels featuring high-quality video and sound

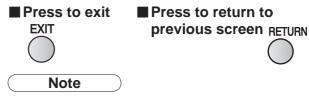

#### 3 Start scanning the channels

#### 4 Confirm registered channels

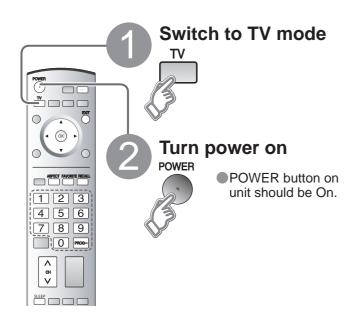

If OK is not pressed after selecting "Apply", the channels will not be memorized.

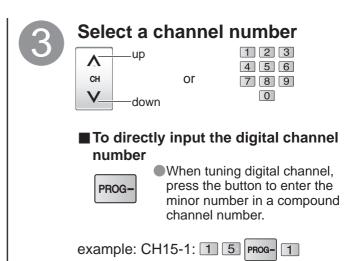

To change setting later, go to Menu screen (p. 20)

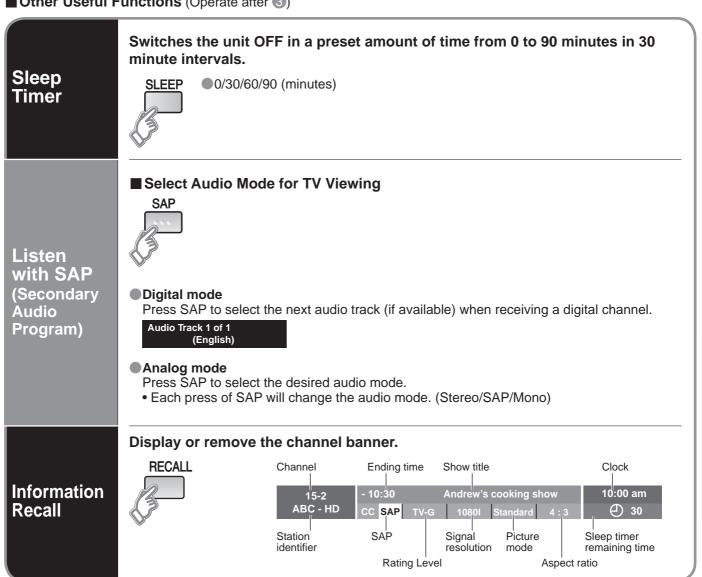

# Watching TV

Connect cable Box when watching cable TV. (p. 10)

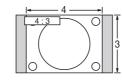

■ Other Useful Functions (Operate after ③)

# Change aspect ratio

#### Change the aspect (p. 40)

- Each press changes the mode.
- ●480i (4:3), 480i (16:9), 480p (4:3), 480p (16:9): FULL, JUST, 4:3 or ZOOM
- 1080p / 1080i / 720p : FULL, H-FILL, JUST, 4:3 or ZOOM.

# Call up a favorite channel

#### **■ FAVORITE**

Channel numbers registered in Favorite are displayed on the favorite tune screen. Select the desired broadcast station with the cursor, or using number keys. (see below)

#### Caution

■ ATSC broadcasts cannot be received in countries other than the USA, Canada, and Mexico.

#### Note

- Reselect "Cable" or "Antenna" in "ANT In" of "Auto program" to switch the signal reception between cable TV and antenna. (p. 13)
- The channel number and volume level remain the same even after the TV is turned off.

#### Set Favorite Feature

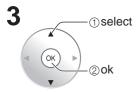

1 Display the channel to be placed on the Favorites list.

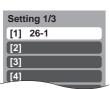

Hold down FAVORITE for several seconds.

 Press FAVORITE repeatedly to change between pages (1/3, 2/3, 3/3, or exit). Pressing ◀ ► also changes the page.

Then, press OK to memorize the displayed CH in that position.

 You can also use the NUMBER keys (1-9 and 0) to select the recorded list numbers (1-9 and 0). By doing so, the numbers will be directly recorded without having to press the OK key.

#### ■To delete a favorite channel

A memorized channel can be removed from the list by holding down FAVORITE while its position is highlighted.

#### **Use Favorite Feature**

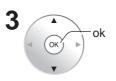

Press FAVORITE.

 Press FAVORITE repeatedly to change between pages (1/3, 2/3, 3/3, or exit). Pressing ◀ ► also changes the page.

Press ▲ ▼ or a Numbered key (1-9 and 0) to highlight a channel on the list.

 Selecting a channel number from the list with the Number keys will display the channel directly.

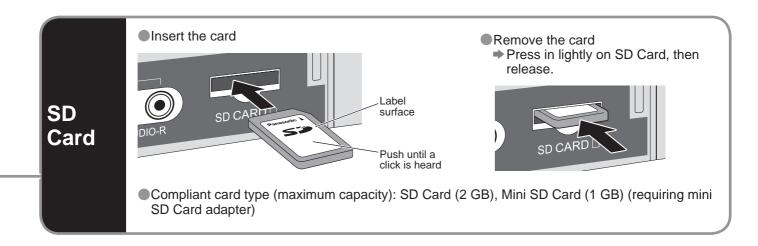

Press OK to display the highlighted channel.

# Viewing from SD Card

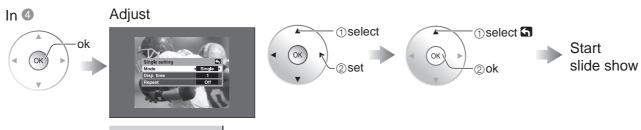

You can view photos taken with a digital camera or a digital video camera saved on SD card.

#### To change the view (slide show, adjusting images, etc.)

#### ■ To watch photos in slide show

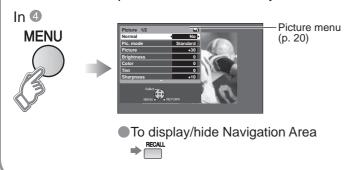

Mode	Set to Single/Slide to view single images or perform a slide show.
Disp time	You can set how many seconds each image is displayed in Slide mode.
Repeat	Turn the slide show Repeat function On or Off.

#### Note

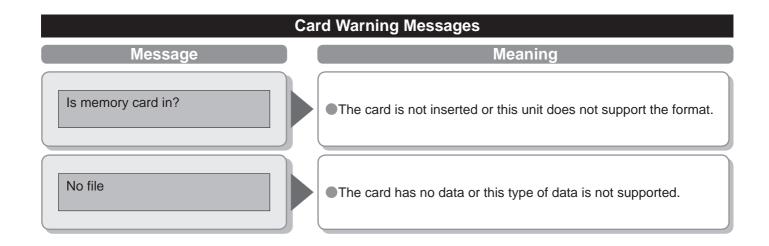

- For large image sizes, the display time will be longer than the number of seconds set.
- ■To stop in mid-cycle ⇒ Press "OK" button

#### ■ To adjust picture

When MENU is pressed, the Picture Adjust menu is displayed. (p. 20)

# **SD Card: Notes and Cautions**

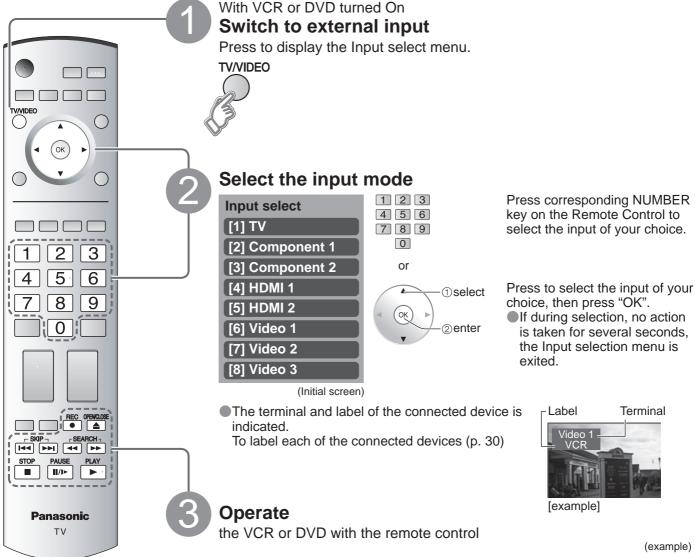

#### Cautions in handling card:

- Do not remove the card while the unit is accessing data (this can damage card or unit).
- Do not touch the terminals on the back of the card.
- Do not subject the card to a high pressure or impact.
- Insert the card in the correct direction (otherwise, card may be damaged).
- Electrical interference, static electricity, or erroneous operation may damage the data or card.
- Back up the recorded data at regular intervals in case of deteriorated or damaged data or erratic operation of the unit. (Panasonic is not liable for any deterioration or damage of recorded data.)

# Watching Videos and DVDs

Some Panasonic equipment connected to the TV unit can be operated with the remote control. Programming the remote control is necessary to operate other manufacturers' products. (p. 33)

■ Press to return to

TV TV/VIDEO

Note

 For details, see the manual of the equipment or ask your local dealer.

<sup>●</sup>In AV mode, the Audio menu and Setup menu give a smaller number of options.

# Control with HDMI "HDAVI Control™"\*

\* Simultaneously control all Panasonic "HDAVI Control" equipped components using one-button on one remote.

Newer Panasonic audio-video products with HDMI output connections can be controlled using the TV's remote. Limited features such as home theater system volume and automatic switching to the TV's HDMI input are available.

- This feature is limited to models incorporating Panasonic's "Control with HDMI". Refer to the individual instruction manuals for compatibility information.
- Non-HDMI-compliant cables cannot be utilized.
- ■It is recommended that you use Panasonic's HDMI cable. Recommended part number: RP-CDHG15 (1.5 m), RP-CDHG30 (3.0 m), RP-CDHG50 (5.0 m)

Automatic input switching

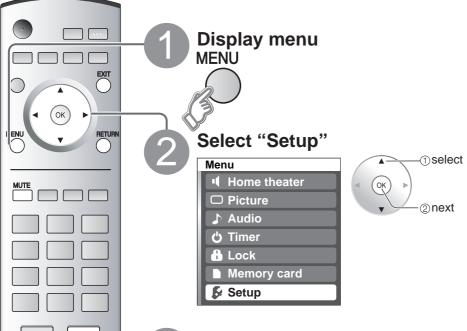

Theater speaker

speaker

Power on link

Power off link

One-touch theater playback

Auto power on	Off
Side bar	Off
Prog-out stop	Off
Ctrl with HDMI	On
Power off link	Set
Power on link	Set

■ Press to return to TV

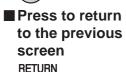

EXIT

Panasonic

VOL

(5)

Select "On"

Default setting is "On". If no HDMI equipment is connected or standard HDMI equipment (non- "Control with HDMI") is used, set to "Off". At the start of DIGA, Player theater or RAM theater playback, the TV's input automatically switches to the input corresponding to the playback equipment.

■ For RAM theater, the speakers automatically switch to theater.

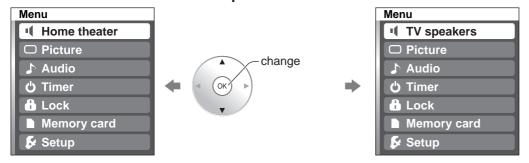

If using DIGA operation, the TV's input automatically switches to DIGA and the DIGA menu is displayed.

You can control the theater speaker with TV's remote control.

"Home theater" with speaker icon appears when a Panasonic "Control with HDMI" home theater system is connected via the HDMI input (1 or 2).

Pressing the OK button toggles between TV and home theater volume control.

- "Ctrl with HDMI" must be set to "On".
- Limited to newer Panasonic Home Theater, RAM theater and DIGA/DVD models with "Control with HDMI".
- ① Display menu ⇒ △
- ②Select "Home theater" or "TV speakers"

#### **■** Home theater:

Adjustment for Panasonic Amplifier, Panasonic Player theater, Panasonic RAM theater

#### ■TV speakers:

The TV speakers are active.

- ■When selecting "Home theater", the sound of TV speakers is mute.
- When "Home theater" is selected, the home theater volume control can be raised or lowered using the TV remote volume button. The TV will display "Home Theater + / -" on screen.
- If home theater/RAM theater/Player theater is currently off, selecting the "Home theater" option will automatically turn the equipment on. See "Power on link" below.
- If home theater/Player theater/RAM theater power is turned Off, speakers automatically switch to the TV.

When "Set" is selected, this allows for the TV to automatically turn on and switch to the appropriate HDMI input whenever a "Control with HDMI" compatible DVD player/recorder is initially turned on and Play mode is selected.

When "Set" is selected, this allows for the TV to turn off and also turn off the connected home theater/RAM theater/player theater and/or DIGA-DVD player.

If the "ONE TOUCH PLAY" key is pressed on the AV amp or Player theater remote control, the following sequence of operations is performed automatically.

- ① Home theater/Player theater power switches On, and playback begins.
- 2 TV power switches On, and the playback screen is displayed.
- 3 Audio is muted on the TV and switches to theater.

#### Caution

- "Control with HDMI" function does not work in countries other than the USA and Canada.
- ■The TV remains on even if the "Control with HDMI" compatible equipment is turned off.

#### Note

- Before using HDMI control functions, the connected equipment (DIGA, RAM theater, Player theater, AV amp) must also be set. For details, see the operation manual for each equipment.
- ●For equipment connection details, see p. 24.

# Control with HDMI "HDAVI Control™"

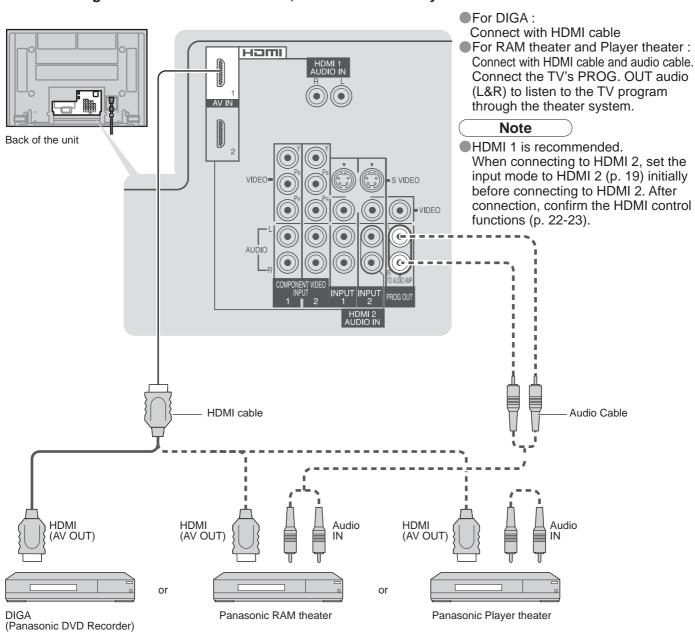

#### **Recommended HDMI Connections**

Follow the connection diagrams below for HDMI control of a single AV piece of equipment such as a Panasonic DIGA-DVD recorder, RAM Theater or Player Theater system. Refer to page 22 for Setup Menu settings and additional control information.

Optional HDMI and/or optical cables are not provided.

If connection (or setting) of equipment compatible with HDMI control is changed, switch the power of this unit Off then On again while the power of all equipment is On (to this unit to correctly recognize the connected equipment) and check that DIGA, RAM theater and Player theater playback operates.

#### ■ Connecting this unit to a DVD recorder, RAM theater or Player theater

#### ■ Setting of this unit after connection

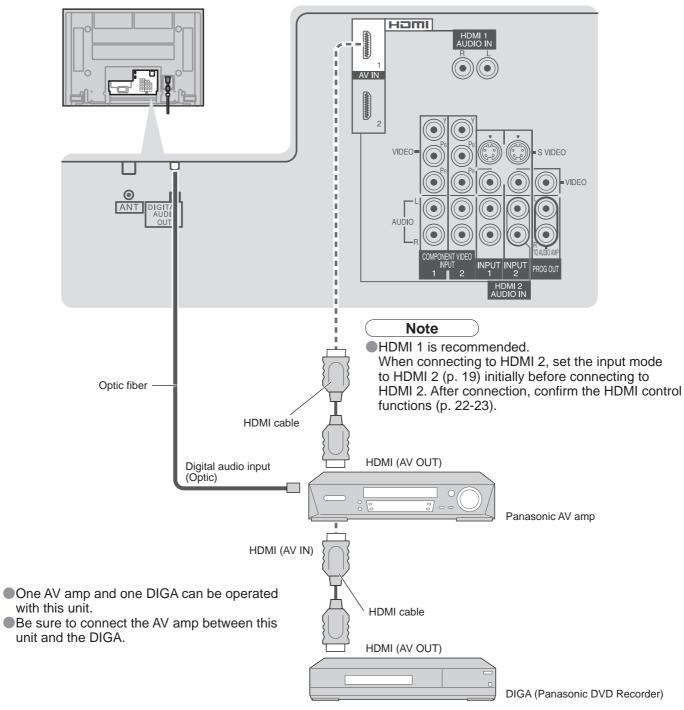

After making connections as shown above, set "Ctrl with HDMI" (under "Other adjust") to "On" using the Setup menu. (p. 22).

#### Note

• Individual HDMI equipment may require additional menu settings specific to each model. Please refer to their respective operating instruction manuals.

#### ■ Connecting this unit to a DVD recorder and AV amp

When using an "Control with HDMI" audio-video amplifier and a compatible DIGA recorder, use a daisy chain connection as shown below.

#### ■ Setting of this unit after connection

After making connections as shown above, set "Ctrl with HDMI" (under "Other adjust") to "On" using the Setup menu. (p. 22).

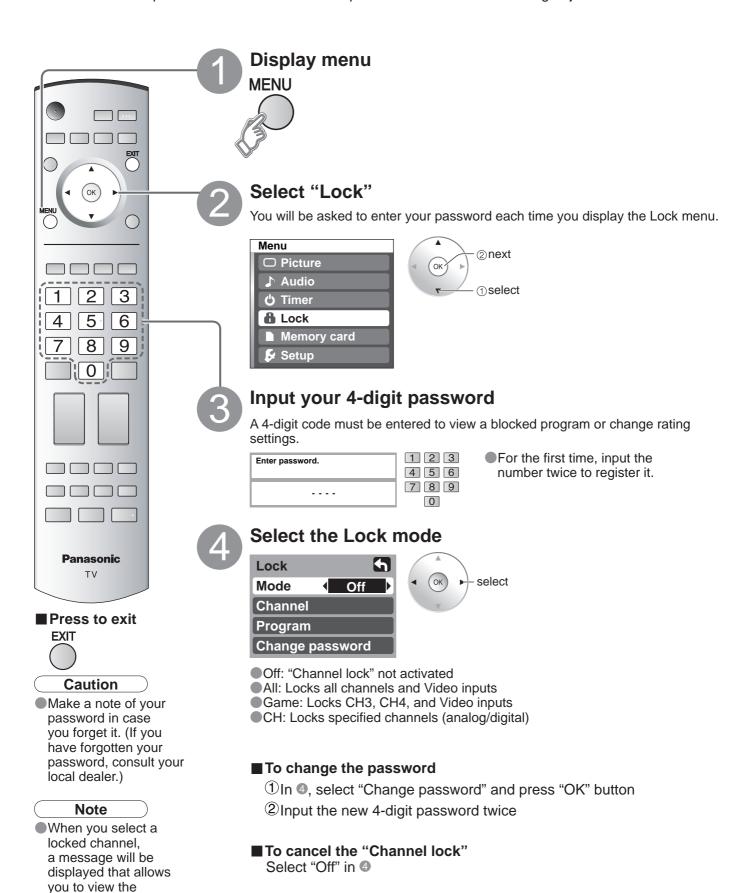

#### Note

- Individual HDMI equipment may require additional menu settings specific to each model. Please refer to their respective operating instruction manuals.
- When audio from other equipment connected to this unit via HDMI is output using "DIGITAL AUDIO OUT" of this unit, the system switches to 2CH audio.

(When connecting to an AV amp via HDMI, you can enjoy higher sound quality.)

# **Channel Lock**

You can lock out specified channels or shows to prevent children from watching objectionable content.

channel if you input your password.

#### ■ To select the channel or the rating of the program to be locked

Block

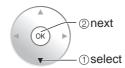

program

Select up to 7 (1-7) channels to be blocked out. These channels will be blocked out regardless of the program rating.

Select "CH" in 4 on p. 26

1) Select "Channel"

#### 2 Select channel to lock

OK

Off

PG

PG-13

R

(3) Select the rating to be locked

select

No rating

X Adults only

Example of "MPAA" (U.S movie ratings)

for children under 13

NC-17 No one 17 and under admitted

To get other information (p. 39)

General Audience: All ages admitted

Parents Strongly Cautioned: Inappropriate

accompanying parent or adult guardian

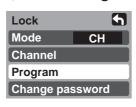

Parental Guidance Suggested

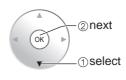

Restricted: Under 17 requires

#### ■ To set rating level

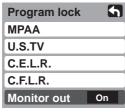

"V-chip" technology enables restricted shows to be locked according to TV ratings.

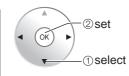

1) Select "Program"

## ②Select the rating category you wish to follow

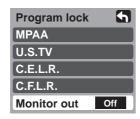

- ■MPAA : U.S movie ratings
- U.S.TV : U.S TV program ratingsC.E.L.R : Canadian English ratings
- C.F.L.R : Canadian French ratings

#### ■ To disable recording of the locked program

⇒ Select "Monitor out" in "Program lock" menu (2)

On: Turns on the monitor terminal output for programs that

have been set to "Blocked."

Off: Turns off the monitor terminal output for programs that

have been set to "Blocked."

#### Caution

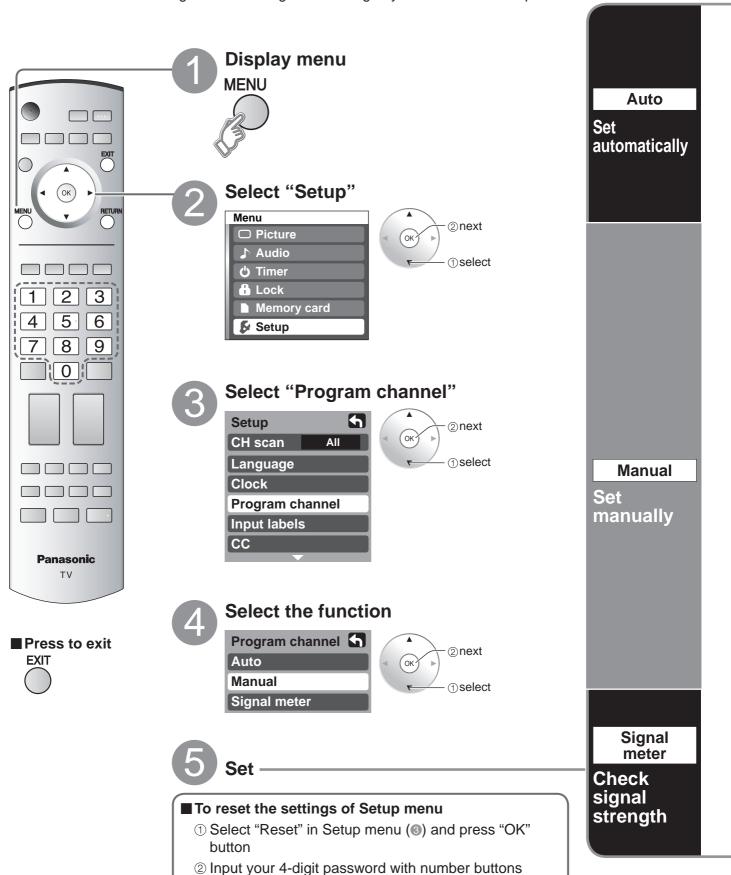

- ■The V-Chip system that is used in this set is capable of blocking "NR" programs (non rated, not applicable and none) as per FCC Rules Section15.120(e)(2). If the option of blocking "NR" programs is chosen "unexpected and possibly confusing results may occur, and you may not receive emergency bulletins or any of the following types of programming:"
  - Emergency Bulletins (Such as EAS messages, weather warnings and others)
  - Locally originated programming
     News
     Political
     Public Service Announcements
     Religious
     Sports
  - Weather

#### **Note**

- The Off rating is independent of other ratings.
- When placing a block on a specific age based rating level, the Off rating and any other more restrictive ratings will also be blocked.

# **Editing and Setting Channels**

The current channel settings can be changed according to your needs and reception conditions.

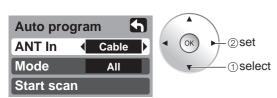

3 Select "Yes" on the confirmation screen and press

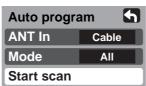

"OK" button

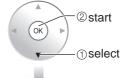

Automatically searches and adds receivable channels to memory.

- ① **Select "ANT In"** → (Select Cable or Antenna)
- 2 Select "Mode"
- ⇒ Select All or Analog All: Analog and digital Analog: Analog only

③ Select "Start scan"

Settings are made automatically

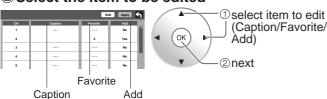

- After completing the setting, select "Apply". (see below 4).
- All previous memorized channels are erased.

Use this procedure when changing setting of receiving channels or changing the channel display. Also, use to add or delete channels from channel list manually.

2 Select the item to be edited

- Caption:
  - Changes the station identifier
- Favorite:
- Registers channel to Favorites List
- Add:

Adds or deletes channels

#### **Preset**

Select the station identifier

#### Caption detail

Rename (maximum 7 characters available)

#### Favorite

#### **Favorite**

Select the number

#### Add

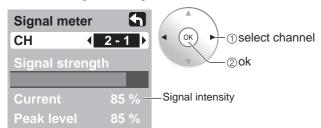

- Press "OK" button to select "Yes (add)" or "No (delete)"
- 4 Select "Apply"

Press to move cursor to "Apply"

(to enter your program)

Check the signal strength if interference is found or freezing occurs on a digital image.

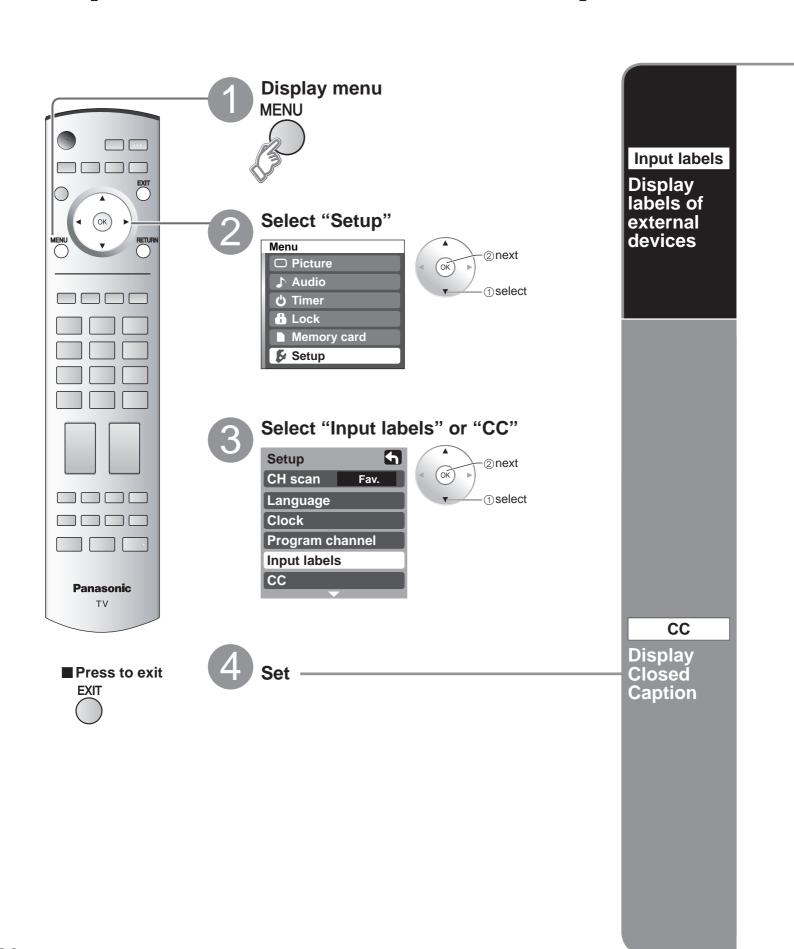

If the signal is weak, check the antenna. If no problem is found, consult your local dealer.

#### Note

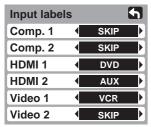

- Not available if "Cable" is selected in "ANT In". (see above).
- Effective only for digital antenna channels.
- ●If "Channel lock" (p. 26) is activated and "Auto", "Manual" or "Signal meter" is selected, "Enter password." will be displayed.

# Input Labels/Closed Caption

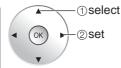

The labels of devices connected to external input terminals can be indicated for easy recognition on the screen. (In selecting input mode of p. 19 ②)

#### Select the terminal and the label of the external equipment

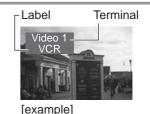

Input labels Video 3

- ●Terminals: Comp.1-2/HDMI1-2/ Video1-3
- Label: SKIP\*/VCR/DVD/CABLE/ DBS/PVR/GAME/AUX/[BLANK]

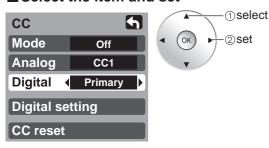

\* If "SKIP" is selected for a non-connected terminal, its input is skipped when switched with TV/VIDEO button.

is skipped when switched with TV/VIDEO button.

The television includes a built-in decoder that is capable or providing a visual display of the audio portion. The program viewed must provide Closed Captioning (CC) for the television to display it. (p. 40)

#### ■ Select the item and set

The settings in "Analog" or "Digital" depend on the broadcaster.

Mode

Select "On" (when not using, select "Off").

Analog (Choose the closed caption service of Analog broadcasting.)

CC1-4: Information related to pictures

(Appears at bottom of screen)

T1-4: Textual information

(Appears over entire screen)

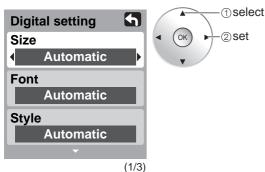

(The Digital Closed Caption menu lets you configure the way you choose to view the digital captioning.)

Select the setting.

"Primary", "Second.", "Service 3", "Service 4", "Service 5", "Service 6"

#### ■ To make more in-depth display settings in digital programs

- ① Select "Digital setting" and press "OK" button
- 2 Select the item and set

- Size: Text sizeFont: Text font
- Style: Text style (Raised, Depressed, etc.)
- Foreground: Color of text

  Fore opacity: Opacity of text
- Background: Color of text boxBack opacity: Opacity of text box
- Outline: Outline color of text

(Identify the setting options on the screen.)

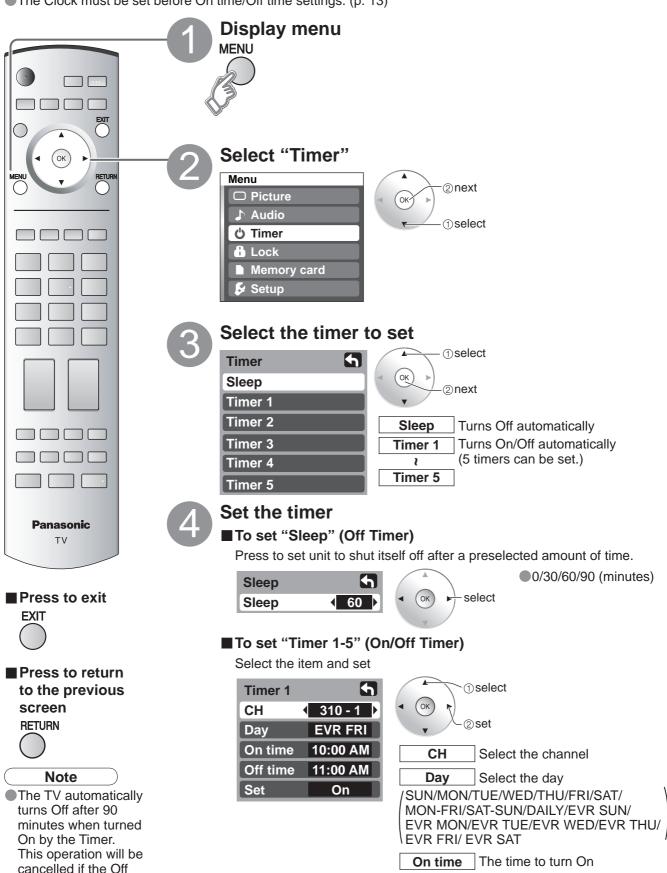

#### ■To reset the settings

Select "CC reset" and press "OK" button

# **Using Timer**

The TV can automatically turn On/Off at the designated date and time.

The Clock must be set before On time/Off time settings. (p. 13)

The time to turn Off

Timer setting (On/Off)

Off time

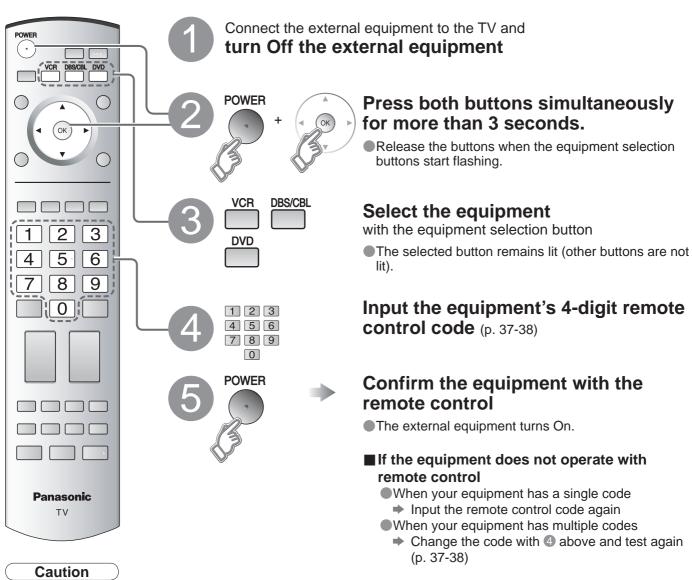

Set

time is selected or if a

key is pressed.

# **Operating Peripheral Equipment**

You can operate other manufacturers' components using this TV's remote control.

Registration will fail if the wrong code is input or it takes more than 30 seconds to register.

#### To find a code not listed in the code list

This procedure searches all codes and is called the "sequence method."

1) After step 3 above, change the code and test

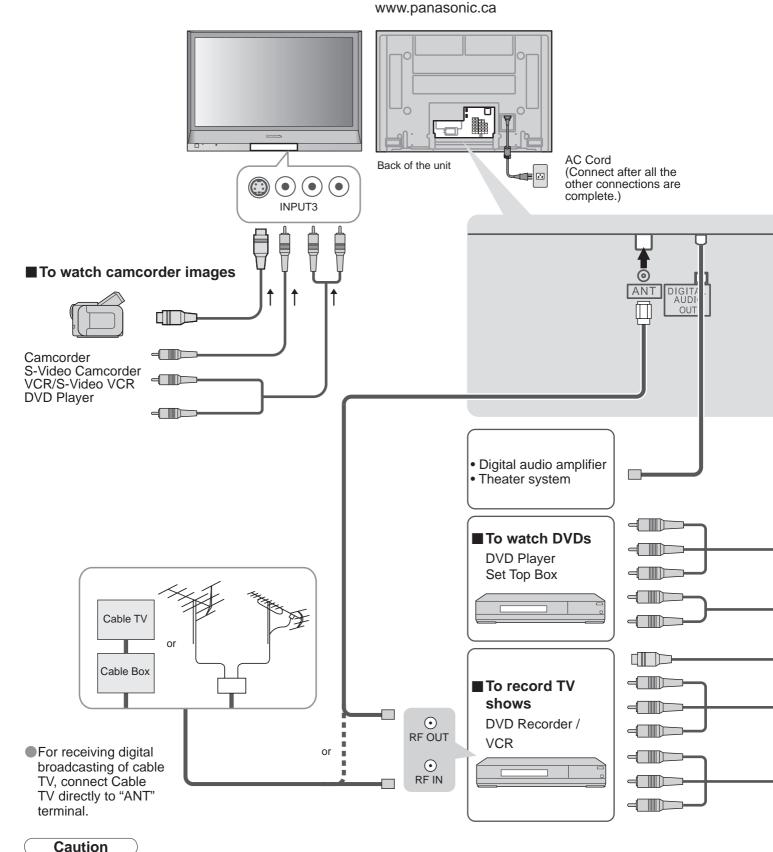

- Operate the equipment with the remote control (p. 36)
- Repeat until the code is found
- It may take many attempts before the correct code is found

2) When the correct code is found

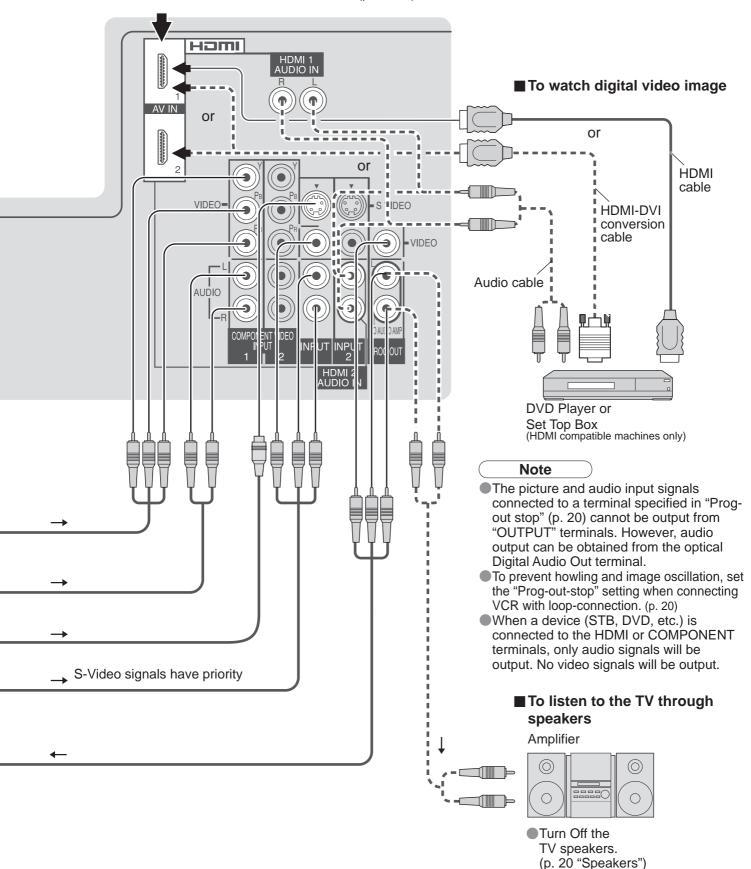

# **Recommended AV Connections**

These diagrams show our recommendations for how to connect the TV unit to your various equipment. For other connections, consult the instructions of each equipment, and the specifications (p. 46-47). For additional assistance, please visit our website at : www.panasonic.com

● For Antenna connection via VCR, please refer to the Operating Instructions of a VCR.

#### ■ Recommended HDMI Connections (p. 24-25)

# Remote Control Operation/Code List

The following explains how to operate external devices with the remote control.

Register the remote control codes (p. 33) if you want to operate an external device of another manufacturer. (p. 37-38)

#### Note

Operation may not be possible depending on the available memory size of the remote control. This remote control is not designed to cover operation of all functions of all models.

#### ■ Remote Control Operation List

This chart defines which keys are operational after programming (if needed), while in the selected remote control mode, VCR, DBS/CBL, DVD.

## Ratings List for Channel Lock

"V-chip" technology enables you to lock out channels or shows according to standard ratings set by the entertainment industry. (p. 27)

## **■** U.S. MOVIE RATINGS (MPAA)

Off	NO RATING (NOT RATED) AND NA (NOT APPLICABLE) PROGRAMS. Movie has not been rated or rating does not apply.
G	GENERAL AUDIENCES. All ages admitted.
PG	PARENTAL GUIDANCE SUGGESTED. Some material may not be suitable for children.
PG-13	PARENTS STRONGLY CAUTIONED. Some material may be inappropriate for children under 13.
R	RESTRICTED. Under 17 requires accompanying parent or adult guardian.
NC-17	NO ONE 17 AND UNDER ADMITTED.
X	ADULTS ONLY.

## **■** U.S. TV PROGRAMS RATINGS (U. S. TV)

Age-based Group	Age-based Ratings	Possible Content Selections	Description
NR (Not Rated)	TV-NR	<ul><li>Viewable</li><li>Blocked</li></ul>	Not Rated.
	TV-Y	Viewable Blocked	All children. The themes and elements in this program are specifically designed for a very young audience, including children from ages 2-6.
Youth	TV-Y7	● FV Blocked ● Viewable ● Blocked	Directed to older children. Themes and elements in this program may include mild physical or comedic violence, or may frighten children under the age of 7.
	TV-G	Viewable Blocked	General audience. It contains little or no violence, no strong language, and little or no sexual dialogue or situations.
	TV-PG	<ul><li>D,L,S,V (all selected)</li><li>Any combination of D, L, S, V</li></ul>	Parental guidance suggested. The program may contain infrequent coarse language, limited violence, some suggestive sexual dialogue and situations.
Guidance	TV-14	<ul><li>D,L,S,V (all selected)</li><li>Any combination of D, L, S, V</li></ul>	Parents strongly cautioned. This program may contain sophisticated themes, sexual content, strong language and more intense violence.
	TV-MA	<ul><li>D,L,S,V (all selected)</li><li>Any combination of L, S, V</li></ul>	Mature audiences only. This program may contain mature themes, profane language, graphic violence, and explicit sexual content.

FV: Fantasy/Cartoon Violence. V: Violence S: Sex L: Offensive Language D: Dialogue with sexual content.

## ■ CANADIAN ENGLISH RATINGS (C. E. L. R)

E	Exempt - Exempt programming includes: news, sports, documentaries and other information programming, talk shows, music videos, and variety programming.
С	Programming intended for children under age 8. No offensive language, nudity or sexual content.
C8+	Programming generally considered acceptable for children 8 years and over. No profanity, nudity or sexual content.
G	General programming, suitable for all audiences.
PG	Parental Guidance suggested. Some material may not be suitable for children.
14+	Programming contains themes or content which may not be suitable for viewers under the age of 14. Parents are strongly cautioned to exercise discretion in permitting viewing by pre-teens and early teens.
18+	18+ years old. Programming restricted to adults. Contains constant violence or scenes of extreme violence.

## **■ CANADIAN FRENCH RATINGS (C. F. L. R)**

E	Exempt - Exempt programming.
G	General - Programming intended for audience of all ages. Contains no violence, or the violence content is minimal or is depicted appropriately.
8 ans+	8+ General - Not recommended for young children. Programming intended for a broad audience but contains light or occasional violence. Adult supervision recommended.
13 ans+	Programming may not be suitable for children under the age of 13 - Contains either a few violent scenes or one or more sufficiently violent scenes to affect them. Adult supervision strongly suggested.
16 ans+	Programming may not be suitable for children under the age of 16 - Contains frequent scenes of violence or intense violence.
18 ans+	Programming restricted to adults. Contains constant violence or scenes of extreme violence.

## **Technical Information**

## **Closed Caption (CC)**

- For viewing Closed Caption of digital broadcasting, set the aspect ratio to FULL. (If viewing with H-FILL, JUST, ZOOM or 4:3, characters will be cut off.)
- The closed caption is not displayed when you use HDMI connection.
- If analog connected equipment is used for displaying or recording, closed caption (CC) should be set On/Off on the connected equipment.

The CC mode setting of the TV will not affect the analog input.

If a digital program is being output in analog format, the CC data will also be output in analog format.

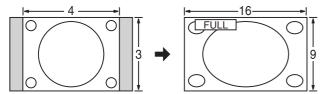

If digital connected equipment is used for input, CC should be set to On on either the connected equipment or the TV.

If CC is set On on both the connected equipment and the TV, captions from each unit will overlap.

## **Aspect Ratio**

Let you choose the aspect depending on the format of the received signal and your preference. (p. 15)

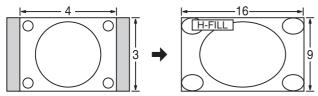

FULL

Enlarges the 4:3 image horizontally to the screen's side edges

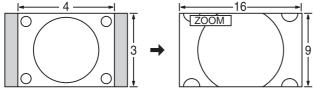

(Recommended for anamorphic picture)

●H-FILL

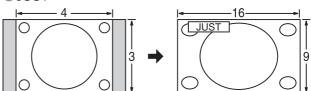

Enlarges the 4:3 image horizontally to the screen's side edges. The side edges of the image are cut off.

ZOOM

Enlarges the 4:3 image to the entire screen. (Recommended for Letter Box)

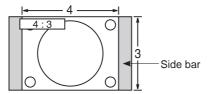

JUST

Stretches to justify the 4:3 image to the four corners of the screen

(Recommended for normal TV broadcast)

**4:3** 

Standard

(Note that "after image" of the side bar may occur from displaying it for a long time.)

### Note

- ●480i (4:3), 480i (16:9), 480p (4:3), 480p (16:9) : FULL, JUST, 4:3 or ZOOM
- ■1080p / 1080i / 720p : FULL, H-FILL, JUST, 4:3 or ZOOM.
- When the signal is 720p/1080i/1080p, the aspect mode automatically defaults to Full after turning off the TV, after changing input mode, or after changed signal resolution other than 720p/1080i/1080p.

Zoom adjust

Vertical image position and size can be adjusted in "ZOOM."

- ①Select "Zoom adjust" on the Picture menu. (p. 20)
- Vertical position adjustment

Vertical size adjustment

■To reset the aspect ratio ⇒

(OK)

## **Data format for Card browsing**

Photo: Still images recorded with digital still cameras compatible with JPEG files of DCF\* and EXIF

standards

Data format: Baseline JPEG 160X120-2,560X1,920 pixels (Sub-sampling: 4:4:4, 4:4:2 or 4:2:0)

Max. number of files: 9,999

Image resolution: 8 x 8 to 5,120 x 3,840

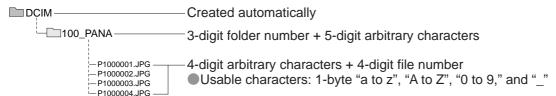

\* DCF (Design rule for camera file system): A Japan Electronics and Information Technology Industries Association's standard

### Caution

- A JPEG image modified with a PC cannot be displayed.
- Partly degraded files might be displayed at a reduced resolution.

#### Note

Folder structure viewed in PC

- The folder and file names may be different depending on the digital camera used.
- Suitable SD Memory Cards. Please confirm the latest information on the following website. http://panasonic.co.jp/pavc/global/cs (This site is in English only)

## **DIGITAL AUDIO OUT terminals**

You can enjoy your home theater by connecting a Dolby Digital (5.1 channel) decoder and "Multi Channel" amplifier to the DIGITAL AUDIO OUT terminals.

#### Caution

- External speakers cannot be connected directly to PROG.OUT terminals.
- When ATSC channel is selected, the output from the DIGITAL AUDIO OUT jack will be Dolby Digital. When NTSC channel is selected, the output will be PCM.

## Control with HDMI "HDAVI Control"

HDMI connections to some Panasonic equipment allow you to enjoy the easy playback or home theater.

- Setup the equipment to enable this function. Read the manual of the equipment.
- Switch the TV unit on again with the equipment on when connection or setup is changed.
- This function may not work normally depending on the equipment condition.
- The equipment can be operated by TV's remote control with this function on even if TV is in Standby mode.
- Image or sound may not be available for the first few seconds when the playback starts.
- Image or sound may not be available for the first few seconds when Input mode is switched.
- Volume function will be displayed when adjusting the volume of the equipment.
- Easy playback is also available by using the remote control for Amplifier. Read the manuals of Amplifier.

## **Technical Information**

## **HDMI** connection

HDMI (high-definition multimedia interface) allows you to enjoy high-definition digital images and high-quality sound by connecting the TV unit and the devices.

HDMI-compatible equipment (\*1) with an HDMI or DVI output terminal, such as a set top box or a DVD player, can be connected to the HDMI terminal using an HDMI compliant (fully wired) cable.

- •HDMI is the world's first complete digital consumer AV interface complying with a non-compression standard.
- If the external device has only a DVI output, connect to the HDMI terminal via a DVI to HDMI adapter cable (\*2).
- When the DVI to HDMI adapter cable is used, connect the audio cable to the audio input terminal.
- Audio settings can be made on the "HDMI1 in" or "HDMI2 in" menu screen. (p. 20) Applicable audio signal sampling frequencies (L.PCM): 48 kHz, 44.1 kHz, 32 kHz

(\*1): The HDMI logo is displayed on an HDMI-compliant device. (\*2): Enquire at your local digital device retailer shop.

### Caution

- Use with a PC is not assumed.
- All signals are reformatted before being displayed on the screen.
- If the connected device has an aspect adjustment function, set the aspect ratio to "16:9".
- This HDMI connector is "type A".
- A device having no digital output terminal may be connected to the input terminal of either "COMPONENT", "S VIDEO", or "VIDEO" to receive analog signals.
- ■The HDMI input terminal can be used with only the following image signals: 480i, 480p, 720p, 1080i and 1080p. Match the output setting of the digital device.
- For details of the applicable HDMI signals, see below.

## Input signal that can be displayed

\* Mark: Applicable input signal for Component (Y, PB, PR), and HDMI

	horizontal frequency (kHz)	vertical frequency (Hz)	COMPONENT	HDMI
525 (480) / 60i	15.73	59.94	*	*
525 (480) /60p	31.47	59.94	*	*
750 (720) /60p	45.00	59.94	*	*
1,125 (1,080) /60i	33.75	59.94	*	*
1,125 (1,080) /60p	67.43	59.94		*
1,125 (1,080) /60p	67.50	60.00		*

Note

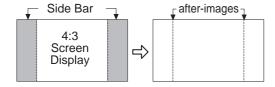

- Signals other than those shown above may not be displayed properly.
- The above signals are reformatted for optimal viewing on your display.

## Side Bar

Do not display a picture in 4:3 mode for an extended period, as this can cause an after-image to remain on either or both sides of the display field.

To reduce the risk of such an after-image, change the brightness of the side bars.

The side bar may flash (alternate black/white) depending on the picture. Using Cinema mode will reduce such flashing (See below).

## Pic. mode

- Vivid (default)
- : Provides enhanced picture contrast and sharpness for viewing in a well-lit room.
- Standard
- : Recommended for normal viewing conditions with subdued room lighting.
- Cinema : For watching movies in a darkened room. It provides a soft, film-like picture.

## **Maintenance**

First, unplug the AC cord plug from the wall outlet.

## Display panel

The front of the display panel has been specially treated. Wipe the panel surface gently using only a cleaning cloth or a soft, lint-free cloth.

- If the surface is particularly dirty, soak a soft, lint-free cloth in a weak detergent solution and then wring the cloth to remove excess liquid. Use this cloth to wipe the surface of the display panel, then wipe it evenly with a dry cloth, of the same type, until the surface is dry.
- Do not scratch or hit the surface of the panel with fingernails or other hard objects. Furthermore, avoid contact with volatile substances such as insect sprays, solvents and thinner; otherwise, the quality of the surface may be adversely affected.

## **Cabinet**

If the cabinet becomes dirty, wipe it with a soft, dry cloth.

- If the cabinet is particularly dirty, soak the cloth in a weak detergent solution and then wring the cloth dry. Use this cloth to wipe the cabinet, and then wipe it dry with a dry cloth.
- Do not allow any detergent to come into direct contact with the surface of the Plasma TV. If water droplets get inside the unit, operating problems may result.
- Avoid contact with volatile substances such as insect sprays, solvents and thinner; otherwise, the quality of the cabinet surface may be adversely affected or the coating may peel off. Furthermore, do not leave it for long periods in contact with articles made from rubber or PVC.

## **Pedestal**

- Cleaning
  - Wipe the surfaces with a soft, dry cloth. If the unit is particularly dirty, clean it using a cloth soaked with water to which a small amount of neutral detergent has been added, and then wipe with a dry cloth.
  - Do not use products such as solvents, thinner or household wax for cleaning, as they can damage the surface coating. (If using a chemically-treated cloth, follow the instructions supplied with the cloth.)
- Do not attach sticky tape or labels, as they can make the surface of the pedestal dirty. Do not allow long-term contact with rubber, vinyl products or the like. (Doing so will cause deterioration.)

## **FAQ**

Before requesting service or assistance, please follow these simple guides to resolve the problem.

If problem still persists, please contact your local Panasonic dealer or Panasonic Service center for assistance. For details (p. 49, 50)

For additional assistance, please contact our website at:

www.panasonic.com/contactinfo

www.panasonic.ca

# White spots or shadow images (noise)

Check the position, direction, and connection of the aerial.

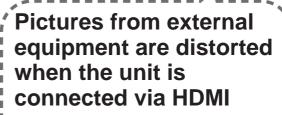

# Interference or frozen digital channels

(intermittent sound)

- Change the direction of antenna for digital channels.
- Check "Signal meter" (p. 28).
  If the signal is weak, check the antenna and consult your local dealer

- Is the HDMI cable connected properly? (p. 24-25, 34-35)
- Turn Off the TV unit and equipment, then turn them On again.
- Check an input signal from the equipment. (p. 24-25, 34-35)
- Use a device compliant with EIA/CEA-861/861B.

- Are the batteries installed correctly? (p. 6)
- Has the battery run down?
- Has the TV POWER button been turned On?
- To operate external equipment of other manufacturers, register the remote control codes. (p. 33)

## Limited Warranty (for U.S.A.)

PANASONIC CONSUMER ELECTRONICS COMPANY, DIVISION OF PANASONIC CORPORATION OF NORTH AMERICA One Panasonic Way Secaucus, New Jersey 07094 PANASONIC SALES COMPANY, DIVISION OF PANASONIC PUERTO RICO INC. Ave. 65 de Infanteria, Km. 9.5 San Gabriel Industrial Park Carolina, Puerto Rico 00985

## Panasonic Color Television Limited Warranty

## **Limited Warranty Coverage**

If your product does not work properly because of a defect in materials or workmanship, Panasonic Consumer Electronics Company or Panasonic Puerto Rico, Inc. (collectively referred to as "the warrantor") will, for the length of the period indicated on the chart below, which starts with the date of original purchase ("Limited Warranty period"), at its option either (a) repair your product with new or refurbished parts, or (b) replace it with a new or a refurbished product. The decision to repair or replace will be made by the warrantor.

CATEGORIES	ALL PARTS EXCEPT GLASS PANEL OR CRT	LABOR	GLASS PANEL OR CRT	GLASS PANEL OR CRT LABOR	SERVICE
PLASMA DISPLAY	1 (ONE) YEAR	1 (ONE) YEAR	GLASS PANEL - 2 (TWO) YEARS	1 (ONE) YEAR	IN-HOME OR CARRY-IN

During the "Labor" Limited Warranty period there will be no charge for labor. During the "Parts" Limited Warranty period, there will be no charge for parts.

You must carry-in your product or arrange for in-home service during the Limited Warranty period. If non-rechargeable batteries are included, they are not warranted. This Limited Warranty only applies to products purchased and serviced in the United States or Puerto Rico. This Limited Warranty is extended only to the original purchaser and only covers product purchased as new. A purchase receipt or other proof of the original purchase date is required for Limited Warranty service.

## In-Home or Carry-in Service

For In-Home or Carry-In Service in the United States call 1-888-VIEW-PTV(1-888-843-9788). For assistance in Puerto Rico call Panasonic Puerto Rico, Inc. (787)-750-4300 or fax (787)-768-2910.

In-Home service requires clear, complete and easy access to the product by the authorized servicer and does not include removal or re-installation of an installed product. It is possible that certain in-home repairs will not be completed in-home, but will require that the product, or parts of the product, be removed for shop diagnosis and/or repair and then returned.

### **Limited Warranty Limits And Exclusions**

This Limited Warranty ONLY COVERS failures due to defects in materials or workmanship, and DOES NOT COVER normal wear and tear or cosmetic damage, nor does it cover markings or retained images on the picture tube resulting from viewing fixed images (including, among other things, letterbox pictures on standard 4:3 screen TV's, or non-expanded standard 4:3 pictures on wide screen TV's, or onscreen data in a stationary and fixed location). The Limited Warranty ALSO DOES NOT COVER damages which occurred in shipment, or failures which are caused by products not supplied by the warrantor, or failures which result from accidents, misuse, abuse, neglect, bug infestation, mishandling, misapplication, alteration, faulty installation, set-up adjustments, misadjustment of consumer controls, improper maintenance, power line surge, lightning damage, modification, or commercial use (such as in a hotel, office, restaurant, or other business), rental use of the product, service by anyone other than a Factory Servicenter or other Authorized Servicer, or damage that is attributable to acts of God.

THERE ARE NO EXPRESS WARRANTIES EXCEPT AS LISTED UNDER "LIMITED WARRANTY COVERAGE". THE WARRANTOR IS NOT LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OF THIS PRODUCT, OR ARISING OUT OF ANY BREACH OF THIS LIMITED WARRANTY. (As examples, this excludes damages for lost time, cost of having someone remove or re-install an installed unit if applicable, or travel to and from the servicer. The items listed are not exclusive, but are for illustration only.) ALL EXPRESS AND IMPLIED WARRANTIES, INCLUDING THE LIMITED WARRANTY OF MERCHANTABILITY, ARE LIMITED TO THE PERIOD OF THE LIMITED WARRANTY.

Some states do not allow the exclusion or limitation of incidental or consequential damages, or limitations on how long an implied Limited Warranty lasts, so the exclusions may not apply to you.

This Limited Warranty gives you specific legal rights and you may also have others rights which vary from state to state. If a problem with this product develops during or after the Limited Warranty period, you may contact your dealer or Servicenter. If the problem is not handled to your satisfaction, then write to the warrantor's Consumer Affairs Department at the addresses listed for the warrantor.

PARTS AND SERVICE (INCLUDING COST OF AN IN-HOME SERVICE CALL, WHERE APPLICABLE) WHICH ARE NOT COVERED BY THIS LIMITED WARRANTY ARE YOUR RESPONSIBILITY.

## **Service in Puerto Rico**

Panasonic Puerto Rico, Inc. Ave. 65 de Infantería, Km. 9.5, San Gabriel Industrial Park, Carolina, Puerto Rico 00985 Phone (787)750-4300, Fax (787)768-2910

## Limited Warranty (for Canada)

#### Panasonic Canada Inc.

## PANASONIC PRODUCT - LIMITED WARRANTY

Panasonic Canada Inc. warrants this product to be free from defects in material and workmanship and agrees to remedy any such defect for a period as stated below from the date of original purchase.

Plasma TV / Monitor	In-home service	One (1) year, parts (including Plasma Panel) and labour.
LCD TV (26 in & over)	In-home service	One (1) year, parts (including LCD Panel) and labour.
LCD TV (25 in & under)	Carry-in service only	One (1) year, parts (including LCD Panel) and labour.

In-home Service will be carried out only to locations accessible by roads and within 50 km of an authorized Panasonic service facility.

#### LIMITATIONS AND EXCLUSIONS

This warranty does not apply to products purchased outside Canada or to any product which has been improperly installed, subjected to usage for which the product was not designed, misused or abused, damaged during shipping, or which has been altered or repaired in any way that affects the reliability or detracts from the performance, nor does it cover any product which is used commercially. Dry cell batteries are also excluded from coverage under this warranty.

This warranty is extended to the original end user purchaser only. A purchase receipt or other proof of date of original purchase is required before warranty service is performed.

THIS EXPRESS, LIMITED WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. IN NO EVENT WILL PANASONIC CANADA INC. BE LIABLE FOR ANY SPECIAL, INDIRECT OR CONSEQUENTIAL DAMAGES.

In certain instances, some jurisdictions do not allow the exclusion or limitation of incidental or consequential damages, or the exclusion of implied warranties, so the above limitations and exclusions may not be applicable.

In-home service requires clear, complete and easy access to the product by the Authorized Servicentre and does not include removal or re-installation of an installed product. If removal is required to service the product, it will be at the discretion of the Servicentre and in no event will Panasonic Canada Inc. or the Servicentre be liable for any special, indirect or consequential damages.
