

WiFi-107E

802.11 a/b/g Mini-PCI 107E Card

WiFi-112E

802.11 b/g/n Half-size Mini Card

Features

- IEEE 802.11 a/b/g Standard
- Up to 108 Mbps Data Rate @ 802.11g
- 64/128-bit WEP, WPA Encryption
- Mini-PCI Interface type IIIB
- Windows 2000/XP; Linux
- Operating temperature 0 ~ 55° C

Introduction

WiFi-107E is compliant with IEEE 802.11 a/b/g standard with Atheros AR5006X and AR5414A chipset solution. The operating range can be up to 260 meters in open space.

Packing List

Description	Quantity
WiFi dual-band Mini-PCI card	x 1

Ordering Information

Part number	Specifications
WIFI-107E	IEEE 802.11 a/b/g standard

Features

- IEEE 802.11 b/g/n Standard
- Up to 150 Mbps Data Rate
- 64/128 bit WEP, WPA, & WPA2 Encryption
- 1T x 1R
- Windows XP/Vista
- Operating temperature 0 ~ 80° C

Introduction

WiFi-112E is compliant with IEEE 802.11 b/g/n standard. The PCIE Mini Card is a highly integrated WLAN solution that lets users enjoy digital content through the latest wireless technology.
